 "ENCLOSURE IN DOLBY ROOM"

NK 100B-57407

The comments listed below are in no way concise summaries of the material, but serve as descriptions of some of the contents and reveal significant aspects.

Specific attention is drawn to items numbered two, three, four, five and six. Particularly of interest, in Newark's analysis were comments regarding Castro in item six and comments by the unknown speaker, in item six, concerning Guatemala.

1. September 23, 1981, is a memo to "All Political Commissars" (PC) from "NPC/MFC" (National Political Commissars/Military Fraction Commander) re: "Security: general order."

This document is a cover letter, with an attached security note. It refers to "contact with the adversary" referring to governmental authorities and pursuit of specific offensives by "fronts." The document refers to "the goal of the organization being the same" "while none of you will ever know the whole of it, you know enough to be fully conscientious about security and your own responsibilities. It directs that "this vehicle and the security note attached are to be filed in closed PC files."

2. September 22, 1981, memo is the security note attached referred to above. This apparently significant "security note" predicts "attempts at espionage and sabotage inside the organization." It warns that the "opposition" is aware "of our overall enhanced offensive motion" and has "specific knowledge of "Omega 7" operations and other closed arena work." has stated "Omega 7" does not refer to the anti-Castro terrorist group, but does not know its meaning.

b2
b7D

The note continues to state that "we use offensive security, not defensive security, and few are trained for it." Asset could not define "offensive security."

The last paragraph refers to "doing some very heavy things in several areas," which are "not all visible."

NK 100B-57407

b6
b7C

3. A "Report on G.O. 4" and others on security memorandum, dated 6/24/83, is from "Mercer [redacted] to New Brunswick [redacted] reports on the various elements of Phase II implementation." This document is a routine report and evaluation of the military units in Mercer County, New Jersey. It discusses training, promotions and personnel problems.

4. Item four consists of the following: cover letter, dated 6/26/81, enclosing training documents, from "MF-ADC" (Military Fraction-Aide DeCamp) to "All Mf Lisaisons." 2. A "sign out sheet," for control of the training documents. 3. A Military Training Manual.

b6
b7C

The cover letter instructs that the training documents are to be studied by "all MF trainees" and instructs "MF liaisons" to retain the documents in "security files." It gives further specific security instructions and emphasizes the secret nature of the documents. It is signed [redacted]

It is noted that the original, provided by asset, was enclosed in a ringed notebook and maintained in a briefcase, by the MF liaison.

The "sign out sheet" records the various parts of the manual being removed and returned various dates.

The military training documents deal with military law and courtesy; physical fitness, "an open letter to the closed section" discussing discipline and self sacrifice, funds and philosophy of the military fraction. Page nine of the "open letter" describes the training groups as "comprised of ten-rates and three ranks, supervised by one member of field grade capacity." Asset was unable to define these terms.

Other elements of the manual include documents regarding the Lee Enfield #4 Rifle, Universal Code of Military Justice; Military Law, Military Customs; Use of Deadly Force, Hand to Hand Combat and bayonet fighting,

blow up diagram on the U.S. M-1 carbine, Shore Party Operations which discusses combat tactics, Offensive Combat, which is marked "By Clearance ONLY" indicating their security classification and provides instructions in small unit combat tactics and a section on "Offensive Combat;" "Squad Combat Formations" and "Defensive Combat."

5. The "Statement of Principles" is an apology of the beliefs and ideology of the secret party. The portion labeled "Section II," General Principles begins a 64 article constitution. The last two pages comprise a bibliography of recommended readings.

These documents establish the "closed" or secret aspect of the Provisional Party and its Marxist-Leninist revolutionary goals.

b2
b7D [redacted] identified this statement of principles and constitution as the basis of the party and states "The Provisional Party is the closed and secret party of Leninist Revolution."

6. This item entitled "Class on the Analysis" bears markings "Via courier only." It is noted that for some unknown reason, the title has been inked over. This lengthy document continues and enlarges ideas set forth in the above principles and the philosophical basis of the party and explains its revolutionary goals.

b2
b7D It is noted that page 23 and 24 bear a history of communist philosophy, tracing "mentors" through Fidel Castro, "who was the mentor of our mentors within the Cuban Army." [redacted] was unable to amplify this, other than repeat the party was said to have close connections with Castro and Cuba, with Castro being aware of the parties existence.

Page 23 also states they have a strategy "to go all the way" and "we have allies abroad and we intend to win hegemony over them too, and that means were shooting for the whole world."

On page 32, the unidentified lecturer states "We don't use torture, because its unreliable." The lecturer then describes his own experiences in Guatemala, "My method, when I was in Guatemala, was that I would bring two in, I would ask one a question and, if he refused to answer, I would shoot him between the eyes." He

NK 100B-57407

the continues to discuss revolutionary techniques and ineffectual techniques and their relations with ruling communist parties.

Page 38 calls for "a broad united front, composed of workers, united with "revolutionaries of all nations" to "form a broad united front with the socialist camp."

Page 39 holds examples of strategies, in which the Soviet Union sees the Provisional Party as having "whipped the U.S. Government; or says, "Jesus Christ, they've got a war going on in the U.S.

Page 40 refers to "NATLFED" as being "illegal" and existing to "build the organization, and for no other reason. The lecturer refers to an "iron party Lenin, a party of militant discipline bordering on military discipline and, of course, super military discipline in the the secret part."

Page 61 declares, "There is not one historical precedent for the peaceful transition from capitalism to socialism."

7. This document is an essay entitled "Third Category Participation is Counterrevolution in Disguise." It continues the philosophical basis for the party.

8. This memo, entitled Line Direction: Add. #1, marked NB copy 5, contains several versions of the "mass line" to be used in answering questions or remarks from outside of the CPUSA, Provisional. It is noted that in newspaper articles and previous Bureau interviews, these lines are recognizable.

9. This tiem, dated 9/1/79, is entitled "National Training Directive #1" and is from the National Political Commissar (NPC). It is described as "a comprehensive guide to organizational protocol" and is for "interior use only." It is enclosed as it represents a concise description of some of the interior mechanisms of the CPUSA, P.

10. This letter, dated 6/29/79, to all eastern Political Commissars from the National PC, may be a cover letter for item six above.

~~SECRET~~

NK 100B-57407

11. An outline entitled "Briefing on the Analysis Outline." This is believed to refer to items five and six above. The fifth page of this document discusses violence. "We will do whatever it takes (ruthlessly patient or use elections or use armed struggle-whatever will work)." "We don't care what the ruling class doesn't like, allow or make legal."

"Violence currently existing in the USA killing our members;" "there is a war going on between the two classes; it doesn't matter if people die from guns or from tuberculosis and hunger." The discussion of violence continues without specifics.

12. This item is a cover sheet and "Briefing on the Letter Requesting Admission," dated 5/13/83. This sets forth instructions re: a formal, legal (per interior constitution) document requesting party membership. The briefing letter also describes the "cadre information sheet." The letter recognizes the illegality of the organization and instructs that records of MF participation not be entered into the "permanent party dossier." Re the entry letter, instructions are set forth that information on legal, financial or personal situations "that could potentially jeopardize the party or the individual, are not detailed in the letter."

It instructs further that the name of the party is not to be used.

13. This lengthy document, "Administrative Orders of Acute Offensive Action," "National Labor Federation" contains instruction on increasing the productivity of the public entities, such as ESWA. Approximately halfway through the document a section entitled "Last Periods, New Periods" refers to meeting the "timetabled formulation" and meeting "the date, or better, exceed the date, we've set for the insurrection."

14. One copy of book, "Invest Yourself" with entities of captioned group marked. Source stated each entity is staffed by full-time cadre.

Of further interest to Newark was the high degree of organization reflected in these documents, and amplified in additional training and administrative documents, which will be forwarded at a later date.

The enclosed insert, entitled "GENESIS" is a direct transcription of notes, provided by asset describing the origins of the PPC. The notes are in incomplete sentences, and abbreviated to an extent that much of the meaning is lost. It is noted that source made the notes during a lecture on the historical background, leading to the formation of the PPC. Source passed the notes to case agent in incomplete form, as no foreseeable opportunity exists for transcribing into a more meaningful form. Due to sources current situation, no opportunity exists, at present, to debrief asset on these notes.

The transcribed "GENESIS" notes are provided for information of the Bureau and New York.

These unorganized notes indicate the PPC traces origins to splits, in 1958, within the Communist Party, USA (CPUSA), involving what is described as "illegal factions". This resulted in formation of the Provisional Labor Party (PLP). The next significant step appears to be the formation of the Bay Area Revolutionary Union (BARU) as a "loose" organization. BARU "academics" wrote articles which were "accepted" by the Cuban Center, resulting in Cuba's invitation of some BARU members to a 1965 convention in Cuba. Some unnamed individuals, described as "our people" spoke at that convention.

At this convention, an organization described as "OSPAAL" was formed or announced. Seventeen of "our people" signed documents forming OSPAAL.

Following the convention, some of "our people" stayed in Cuba, with some joining the Cuban Army and some joining OSPAAL forces for training. Some time later, OSPAAL forces were sent to Guatamala, for an insurrection. Some others then left the Cuban Army, joining OSPAAL in Guatamala.

Following a defeat, it was stated that after two and one half years, only 14 of 90 troops remaining got home.

These individuals appear to have then associated with BARU in 1968. A factional split occurred with the BARU "left wing" being referred to as "armed struggle people". A sectional faction wanted the formation of a multinational party. The former group was headed by [redacted] and the latter by FNU [redacted]

b6
b7C

NK 100A-57407

During this period the BARU reportedly seized the Palo Alto Campus of California State University. The Venceremos group entered with firearms and took over the occupation. The resulting "split" of BARU and Venceremos was stated to result in Venceremos executing nine people.

Following this, the Venceremos faction favoring "armed struggle" versus those favoring the building of a revolutionary party. "Our people" said it was time to build a party.

An unidentified member of the "revolutionary wing" was "busted" for transporting 6,000 machine-guns in California.

At this point, it appears that Cesar Chaves and the "Eastern Division of Venceremos" began to organize.

When, in 1969, Venceremos "took Palo Alto" operations began in Long Island, regarding Venceremos cells. Cesar Chaves wanted to take a different approach from those in Long Island. He apparently wanted to start a national organization, but "did not want to be associated too closely". In 1971, a conference was held at Ossining, New York, where an amicable "split" was made.

In 1972, Venceremos suffered their 38th and 39th murder convictions. A prison van was intercepted with the driver killed. Some prisoners were taken to "safe houses" One apparently as an FBI informant. Three days later, eight central committee members were arrested.

The east coast faction split over the west coast violence. The two wings, east and west coast, struggled for a year. This culminated in "one of our people" being shot in the "West 50's" of New York City.

The notes end by saying that the "Revolutionary Wing" took control. They disbanded Venceremos and a "continuation committee" was formed, with "politically mature people" eligible to join. Others could form "affinity groups". The "left" faction of Venceremos was never unified.

This resulted in the formation of the Communist Party, USA (Provisional) (CPUSA, P) in May, 1972.

"Genesis"

"The official Genesis of the party starts with Communist Party, United States of America (CPUSA) in 1958." There were illegal factions in CPUSA. A split occurred between MILT ROSEN and CHARLES LEWELLAN. ROSEN formed Provisional Labor Movement (PLM) within CP. At that time, he wrote an editorial vs HO CHI MINH and People's Liberation Front (PLF) of North Viet Nam, saying that HO CHI MINH had sold out for Moscow gold. LEWELLAN said to shut up, that this was easy for him to say since no one was shooting at him. The CP continued to grow and factions broke off. Formed Provisional Labor Party (PLP), called newspaper "The Challenge."

"LEWELLAN had groups in Seattle, where he was, and in San Francisco. Had Marxist-Leninist caucus in Seattle and Bay area Revolutionary Union (BARU) in San Francisco. It was very loose and not centralized at all, had the HELEN GEMAGEN-DAVIS election committee, the JERRY VOORHEES election committee. BARU contained such academics as JOHN GESASI and ROBERT SCHIER (later editor for Rampart's Magazine." "Both had written some things that were accepted by the Cuban center and in 1965, members of BARU were invited to the Havana Convention. Sixteen members of BARU attended. At the time, a comrade was in prison in Texas. He had been organizing the bloody struggle in Texas, and was being held for armed robbery. (A case of mistaken identity), the comrade was convicted by a nine man jury, but, he was released, pending bail, because of unconstitutionality of nine man juries. He split for Mexico (wearing sunglasses, driving a white Cadillac and with his ukulele, people recall), and joined the others in Havana."

"In 1960, FIDEL spoke at the United Nations (UN), stated he was a Marxist-Leninist, and would be till the day he dies. The United States (US) put up a blockade and the Soviet Union started giving Cuba one million a day. In a well known speech, he spoke of the International Communist Movement and stated it is not a dodge."

The balance of "Genesis" is taken from source's notes.

"1963-FIDEL offered to sent 1,000 troops to Viet Nam-caused US to begin to protest and put heat on USSR. USSR screamed like a wounded eagle-USSR told FIDEL not to internationalize struggle sent troops, but not combat (teachers, hospital workers, etc)."

JUFU SOSA-leader of force-had been military officer in the government he did burst into big military parties and split fast-was dead when OSPAAL got there (killed in car accident, was drunk and hit wall). FOCO split in Guatemala. "Trots" tried to kill over. OSPAAL forces fight their way into the mountains-had to convince people not only that there was a struggle, that there was a Guatemala. After two and one half years, only 14 of the 90 troops left-got home various ways (diff to tell which with M-1 on shoulder)."

On December 15, 1983, a source of the Sacramento Office, whose reliability has not yet been determined, advised that she returned this past week from cadre training at regional office headquarters of California Homemakers Association (CHA), which occurred in San Francisco, California. She advised that this is the west coast regional office headquarters. She knows that the location is somewhere within two blocks of Franklin and Hays in San Francisco. She advised that the address might be 1148 as when the phone would ring, they would answer "1148." She advised they also refer to this regional office as a safe house because they do believe it to be unknown.

Set forth is a drawing furnished by source of this location.

Source advised that she traveled to San Francisco by Trailways Bus and was picked up by [redacted] last name unknown (lru), [redacted]. She advised that after circuitous driving, they arrived at the regional headquarters.

b6

She stated that regional headquarters is also known as Coshad. She received an orientation for three days to become a viable cadre member. She advised that

40 cadre members are involved in the orientation and that these cadre members have access to regional headquarters.

Other individuals whom she identified were [redacted] [redacted] who took her back to the Trailways Bus Station. She advised they wait until you are on the bus and it leaves before they depart. She advised that their security is very tight and they watch members' activities closely.

b6

CA [redacted]

These were the individuals whom source remembered. It is noted that in pamphlet entitled, National Labor College West, Program June 26, 1983, which source provided and is set forth herein, other names were listed. CA

Source said that on February 18, 1984, at 0600 hours, a revolution will occur in the U.S., at which time captioned organization, known to source as CHA, and National Labor Federation (NLF) will lead the revolution and take over the Government of the U.S. She advised that this is on a need to know basis and individuals are only advised about information which pertains to them.

Source said that at regional headquarters, there is a sign which says at the top "Countdown" and lists the day count of when the revolution will take place, that is for example, "65 more days." She also provided the statement which is on the banner "the leaders of power will also see the strength of U.S. in numbers." She stated that this revolution is to be set up like the Russian revolution.

At regional headquarters, source said that there is a room for the politburo, a library with heavy amount of Marxism-Lenonism theory.

PROVISIONAL PARTY OF COMMUNISTS

Source stated that she heard through cadre members that the organization does have a regular army and will use an armed insurrection to carry out the revolution. She stated that this is set out in the book "Essential Organizer," which she described as a book written by members on the east coast.

Source said that organization is very security conscious and has special trash baskets for confidential information, which is then destroyed. She said that they have other trash baskets for regular trash. There is a traffic officer who answers the door and receives anything or anyone who comes to the regional office. According to source, there is a system of ringing the doorbell, whereby they know if it is a member or if it is someone else.

CA { According to source, she said that the person who started NLF is one Rastes Harris, also known as Pops, HARRIS who is now deceased as of October, 1983. She stated that he died at 70 years of age in San Francisco. She stated that the head of Sacramento CHA was [REDACTED]

b6
b7C

[REDACTED]
which source referred to as NOC.

NY Source advised that the organization was formed in Suffolk County, Long Island, New York. She is also familiar with Eastern Service Workers Association (ESWA) and Eastern Farm Workers Association (EFWA) and Texas Farm Workers Association (TFWA).

b6
b7C

CA Source stated that there are two other safe houses in San Francisco, or at least she said they are referred to as safe houses. She said one is a law firm of [REDACTED] in San Francisco, California, and another is a doctor's office, which she could not further describe. She stated that they also have an art and design studio in San Francisco. There is another thing they are doing called Joint Venture Program, which they have a goal for going to Chapter 11 bankruptcy.

CA Source advised she attended a National Labor College at a church in San Francisco, which she described as not too far from the Franklin and Hays area. Source attended this National Labor College on December 4, 1983,

PROVISIONAL PARTY OF COMMUNISTS

which is a Sunday, when these are always held. She advised that they are held approximately once each month. Source said about 30 people attended from Sacramento and that this occurred from 2 to 9 p.m. She advised that the location of the National Labor College is always a church but is not known until it is time to depart and then only by top level members. She advised they go in a caravan and stop one time at a rest area near Vallejo, California. This National Labor College consists of a series of classes concerning Marxist doctrine.

Source stated that there were 5 security guards stationed around the church during the time the National Labor College was in session. She advised that these guards did not appear to be armed but were dressed in tan fatigues with black boots, black neckerchief and a beret, which she believes was black and was stuck in the epaulet on the shoulder. She said there was a large red banner hanging up during the time of the college. These guards were believed to be from regional headquarters.

Source stated that the level of advancement begins with a tabular volunteer (TV), then proceeds to viable volunteer (VV), next step is tabular cadre (TC), then viable cadre (VC), where regional training is necessary. She stated that the next step is field operations personnel (FOP).

Source advised she is familiar with the following cities having a CHA or otherwise affiliated organization:

Redding, Medford, Oregon, Seasonal Workers Associations; Santa Cruz, San Diego, Oakland, Sacramento, California, Portland, Oregon, and a new office at Stockton, California.

Source advised [redacted] at the Sacramento location, which is 3500 Stockton Boulevard, Sacramento, California. She advised [redacted] principally at the regional headquarters. This consists of Marxist doctrine and theory. Also part of the indoctrination and study courses at CHA in Sacramento consists of weather disasters and responses to such disasters; directing activities towards the poor;

In addition to the main ~~CHA~~ headquarters of 3500 Stockton Boulevard, Sacramento, there is also a satellite office at 3714 Marysville Boulevard called the ~~Workers Community Service Center~~. She advised both of these offices are manned 24 hours a day every day of the year. Upstairs at the 3500 Stockton Boulevard address is an area where some cadre sleep and live. ~~SOURCE TO: A~~

Source identified the following individuals as being current members of CHA at Sacramento:

CA {

On the same date that this information was being reported, source contacted FBI agent who was handling her and advised she had some additional information, which was obtained from source. This information is set out very well and it is believed it can be best used in this memorandum by copying actual written information from source.

Therefore, the following items obtained from source on December 15, 1983, and December 19, 1983, are set forth and brief description of each is identified and is in order as indicated below:

PROVISIONAL PARTY OF COMMUNISTS

1. Map of regional headquarters in San Francisco as described above, which was drawn by source. This evidently has an address of 1148 and is near Franklin and Hays Streets in San Francisco.

2. Two pages of pamphlet entitled, "National Labor College West, Program June 26, 1983."

3. Membership Benefit Booklet, Western Service Workers Association/California Homemakers Association.

4. Two pages of information written by source and title, "CHA Terminology and Abbreviations."

5. General information sheet which identifies source's duties for one week (this item should be given special protection as it could possibly identify source.

6. Identities of Sacramento CHA officials and it is noted there are some duplications with those earlier stated. It is also noted that source was able to remember additional members. She states that [redacted] is being transferred [redacted] is taking his place.

8. Four pages of a typical cadre class entitled, "Don't Think Russia is a Socialist Country."

9. A schedule entitled, "Typical Day at CHA (Stockton Boulevard)."

10. Sheet entitled, "General Information." This identified an approach to a Sacramento hospital to obtain free medical care for CHA members. (This should be accorded special protection as identification of source could be jeopardized.)

12. The definition of CHA as presented to new members.

PROVISIONAL PARTY OF COMMUNISTS

Written by Service Workers...to aid themselves
and other Service Workers

WELCOME TO WSWA/ CHA

Welcome to W.S.W.A./
C.H.A. As a new member of
W.S.W.A./C.H.A. you are en-
titled to share in a group of
benefits designed by members

for members. There are 10 of them, and they involve actual needs of service workers in Sacramento. These benefits were obtained by service workers, members of the advisory committee and volunteer organizers. They made the contacts and secured the cooperation of outsiders who have agreed to help improve the conditions of service workers. As the organization grows and more members participate as delegates at the association's weekly Workers Benefit Council meetings, and as volunteers at the weekly benefit meetings, new benefits and greater benefit availability will be added in different areas of Sacramento. These new benefits service needs suggested by members.

W.S.W.A./C.H.A. stands for Western Service Workers Association/California Homemakers Association. Membership is open to anyone employed in service work. Dues for W.S.W.A./C.H.A. are \$2.50 per four month quarter. There are no employees with W.S.W.A./C.H.A., and no money is used for salaries. Work schedules for volunteers are made up each week at the benefit meetings, and any member who has time to donate to the organization is urged to do so.

It is only through the constant efforts of the members that the organization will finally be able to end the brutal conditions that service workers live with in Sacramento. As a member of W.S.W.A./C.H.A. you have a right to take part in any function of the organization that does not detract from the stated purpose of the organization; that is, bettering the conditions of service workers. You may attend a meeting or may request a meeting. You may propose a program or a course of action. The association is you and needs not only your cooperation but your advice. We need to know how you can make things better for your fellow service workers. As a beginning, to help all of us until a better way of life becomes a reality, here are the benefits for our members and ways to use them.

YOUR 10-POINT BENEFIT PROGRAM

1. EMERGENCY FOOD

It's hard for many members to afford adequate food for themselves and their children, especially as prices increase. Your association knows the true source of the problem lies in the discrepancy between our incomes and these necessary expenses, and volunteer advocates can be consulted for budget counseling aid (see Benefit Plan II). Meanwhile, to aid with the instant problem, association members organize canned food drives at schools, in their churches, community groups and in neighborhoods of people who can afford to help. It may be possible that we can aid you and your family with emergency or supplemental food needs as the need arises. An interview can be arranged at any time by coming to the Benefit Office or calling a benefit worker at your nearest Association office.

2. CLOTHING

Statistics say the average working family must spend at least \$500 per year on clothing. To maintain a job, it is necessary to have decent, quality clothing. Our children need clothing for school as well, and clothing costs today become more and more prohibitive. At the association's Benefit Office, clothing is displayed on racks and shelves so members can choose the items they need. Members involved in setting up the office wanted to contribute some token amount for this service and decided that asking a voluntary contribution of five cents per item would be a reasonable way to make that contribution. These funds go to aid in the maintenance and expansion of our Benefit Office. If you can organize a clothing drive, let your benefit worker know, and he can tell you how we can help.

3. NON-EMERGENCY DENTAL CARE

Workers in our area who rely on currently available emergency dental care find themselves deprived of almost all truly corrective dental care. In most cases a worker can receive treatment for pain in an emergency from facilities in the area, but corrective dental care to alleviate the cause of the pain is inaccessible. A worker who suffers repeatedly from jaw abscess condition, for example, finds himself in need of root canal, but most facilities will only pull the tooth.

Association members have contacted dentists to recruit their volunteer involvement in regularly scheduled appointment blocks to see members. These dentists have agreed to operate under the concepts of corrective and preventative care and function under the supervision of the **Workers Benefit Council**. When an association member finds himself with a so-called "non-emergency dental need," he can call the association office and ask for a dental benefit worker, who will procure the dentist to take care of it. There is no additional charge for this service. In the near future, through cooperation of association members and local dentists, it is hoped that a complete dental corrective process for members in need can be established. Anyone interested in helping expand the dental plan should contact your nearby mutual benefits association office.

4. ALCOHOL INFORMATION CENTER

Department of Health and Welfare statistics indicate that workers at lowest income employment own the greatest numbers of alcoholics. There are no figures available for unrecognized workers, but the rate of alcoholism is high enough to be concerned. Our information leads us to believe that although alcohol may be a problem, the so-called "cure" methods have been distressful for low income workers in general. Workers are often put in jail for alcoholism or forced into institutions which provide little in the areas of alcohol rehabilitation measures. There is little or no attempt to make these methods available to lower income workers. If you have a drinking problem or know someone who has a drinking problem and sincerely wishes to discuss it, have them call their local association office. We will tell you of attempts available in our area and elsewhere that humanely help people with drinking problems. If one of them interests you, we will help you get in contact with the place and make any arrangements you may wish to make. We do this both to aid the worker in his fight against alcoholism, as well as to protect himself against disinterested outside bureaus that treat his problem as though it is a blight on the community.

5. COMPREHENSIVE MEDICAL CARE

For most unrecognized workers in our area, available health care means long waiting lists and cursory treatment that does not take into account the many needs involved in provision of comprehensive health care. Transportation, laboratory work, prescriptions, special diet needs, etc. all are in many cases outside our abilities to afford, so even when we do obtain a diagnosis, treatment is unavailable. Many workers' health problems are a result of lack of adequate food, clothing, heat or due to occupational safety hazards or injury; all of which point to our need for organization and higher incomes. Low income workers are in increasing numbers also contracting diseases unheard of among those more well-off such as tuberculosis. Association members and volunteers have organized a pool of volunteer physicians who donate their services in their private offices under **Workers Benefit Council** direction. These doctors have joined together as the **Coalition of Concerned Medical Professionals**, a volunteer network of physicians who practice under the association's position for truly comprehensive health care. Your association's comprehensive medical plan involves organization of transportation, lab work, prescriptions and other needs procured by volunteer efforts. If you need

to see a doctor, seek workman's compensation, or investigation of health and safety hazards at your work place, contact your medical benefit worker.

6. LEGAL SERVICE

This service was originally set up to help members with legal problems connected with their employment or unemployment. One of the biggest problems unrecognized workers face is that even with the small amount of money that they earn there are still greedy people who try to withhold pay or cheat them. This association began a campaign to find volunteer lawyers to help workers in these times of financial need. As the program continued, it became clear that unrecognized workers in this area have many more legal problems than just the ones related to the job. It is now possible for an association member to use our legal aid in almost any area of trouble, if a member is actually in need of such a service and cannot obtain it elsewhere. When legal difficulties occur, a member is advised to call the association office for a talk with a consultant. It may be possible that the association can provide you with an answer to your problems. The number to call is listed on the back of this booklet. Ask for the legal benefit worker. Any appointment or consultation will be arranged at that time, at no additional cost to the member.

7. CHILD CARE

One of the problems faced by low income working families is that in order to make ends meet, both parents must hold jobs. In many cases the only child care available in such circumstances would eat up a large portion of the family income. In order to deal with this situation, your association has established a collective system of worker child care. Worker's children will be cared for collectively during periods when both parents are employed and unable to obtain affordable child care by other means. In periods of child care need, parents with baby-sitting problems will band together to trade off either in the home or through pick-up sitting services. It costs the participant nothing, only an agreement to furnish part of this service when time is available. Through the cooperative method, members who have financial hardship due to child care can fill this need without cost.

8. JOB REFERRAL SERVICE

This service was set up by members to help members with problems connected with their employment or unemployment. With so many of our jobs now temporary or seasonal, among those workers lucky enough to find jobs these days, the association has compiled a "Job Board" which lists any and all job openings we come across through Department of Labor referral or other local sources. These jobs are listed by job category, and aid as needed with transportation and other facilitation toward acquisition of employment may be available upon request. Obviously, in times such as these your association cannot guarantee any member a job, but we do our best to check out all available options. If you know of any available job openings please report them to the central office as soon as possible. Any appointment or consultation will be arranged by contacting a benefit worker at the number listed on the back of this booklet.

9. THE MUTUAL BENEFIT ASSOCIATION MEMBERSHIP NEWSLETTER

The association's newsletter is published monthly free of charge for members of the association. It has news of the unrecognized worker picture in our area and elsewhere, as well as news of the activities and needs of your mutual benefits association. The newsletter can tell association members how they can make the association run better, and advance common goals of workers excluded from National Labor Relations Act and Taft Hartley Act coverage. Any association member or any friend of labor may contribute to the paper. Any member is invited to drop in and participate in the publication of the newsletter. We also invite any and all donations to the newsletter, either in time, money or supplies. As the association grows, the newsletter will grow, and contributions by members will become very important.

10. INFORMATION SERVICE

This is an association service. It covers many areas. Presently, this organization is considering services which include automotive repair, skill schools, education courses, eye examinations and glasses, and training in skills needed by the association. At the present time these programs are not set up to be offered in a blanket, across the board Benefit Program. The services however do exist. Therefore it is important that any member who is in need, of perhaps auto repair, and cannot afford it through other sources should contact their local association office and discuss this need. We feel it is not fair to advertise these services as such until the programs are formalized, however, we can safely say that in most cases, we can help. A fellow member will remain in touch with you to see if there is anything that can be done. We feel that the association's interest and willingness to do anything to resolve the problem will be refreshing for this area. Come in and get to know your benefit people, or better yet, come in and become a benefit person. We also have a list of services available from non-association sources in the area and how to find them, what to do and which ones are reliable. Remain in contact with the association, make it a part of your circle of friends; come even if you don't have a problem. In this way, we can aid each other. When you need help, we hope we can give it; when the group needs help, we hope you can give it.

IN UNITY, THERE IS STRENGTH

As our association progresses,
more benefits will be added to our agenda
of self-help for unrecognized workers.

The longer you work with the association,
the more ways we can find to help each other.

Of course, we all recognize
that the fundamental problem
of low income workers, locally as elsewhere,
is the lack of personal income.

We make a pledge to each other at this time
to change this condition as soon as possible.

We must, however,
become a united group first,
an actual power

that can speak in a voice loud enough
to be heard in its own behalf.

We are glad to welcome you as a new associate.

We hope you will come to us
and help us all help one another.

TOGETHER WE CAN WIN!

WORKERS BENEFIT COUNCIL

Delegations of service workers active in organization input, planning a membership leadership, constitute the Sacramento Workers Benefit Council. At weekly meetings, membership delegates represent fellow members from the same occupation site in discussion and determination of the course of practical and political action W.S.W.A./C.H.A. will take, and how the benefit program will grow in the interest of economic betterment for Sacramento service workers. Delegates are equipped with membership kits to sign new members, take benefit requests, and they agree to promulgate organizational decisions, needs, and actions to fellow members. Workers Benefit Council attendance, as well as participation in W.B.C. subcommittee formulated around membership need and action, is open to all W.S.W.A./C.H.A. members. All members are encouraged to see your Membership Coordinator or a Workers Benefit Council Officer if you seek to join, or seek training to enroll at delegate status.

Cadre Class: I Don't Think Russia Is A Socialist
Country.

It came as a response to a cadre's question—
the class came from National.

The question is important.

We expect to win— that's what makes
us different from everyone else.

There is no reason why professional
revolutionaries cannot accomplish that
goal.

Difference between socialism & capitalism.
Propaganda is pushing their side of story—
not always completely true.

1st thing— are no innocent bystanders in a
revolution.

People who remain undecided can make
up the deciding difference.

Capitalists can buy the people they need—
not to choose is to take the capitalist's side.
You cannot choose your class—you are born
into it.

Why fight for socialism? Because they see
the effect of capitalism. People die before
their time. It grew out of war & poverty.

capitalism

United States is the highest point capitalism has reached.

People are fighting to survive in U.S.

Socialism came about because of capitalism, not visa-versa.

People seeing all the hell - look for something better.

No one is getting to the cause of the problems - only temporary solutions.

Most of wealth is owned by very few - that is what capitalism is all about.

All costs of production is directly related to labor.

Sounds simple - but all is very important in understanding capitalism - cost & profit.

One who has most money, exerts most power.

Recession - factories close up, people lose jobs, have less money, are able to do even less, so more factories close up & more people lose jobs.

Gov't can't prevent recession - they want to ensure corporations make their profits. Whatever they do about recession - has to be consistent with what corporations need.

Gov't will go as far as it can before people will revolt. Then gov't will go in & put revolt down ie; welfare programs.

Revolution - vs- Rebellion

Revolution is successful permanent solution.

Rebellion is strikes, etc - only temporary solution.

ex: bank robbers - rebellious.

Socialist Countries Represent over $\frac{1}{3}$ of the world population - Russia, China, Cuba, Vietnam, etc.

INTERNATIONAL PROLETARIAT IS OPPRESSED

LOOKING TOWARDS A WORLDWIDE REVOLUTION.

U.S. IS THE CORNERSTONE.

DICTATORSHIP OF THE PROLETARIAT

Revolution comes about when a grouping of people have the intent to take power away from those that currently hold power, & institute different gov't politics & programs aimed at benefitting another class of people.

Socialist Revolutions are brought about by Communist Parties. They differ from other parties that attempt to reform politics of existing economic systems in that they stand for revolution, & establishing the Dictatorship of the Proletariat, rather than the bourgeoisie. The bourgeoisie ceases to exist under socialism.

The state, under direction of the Communist Party, begins to expropriate, or seize the industries that were formally owned by individuals. This takes years, although large corporations are seized quickly, so that the government represents the interests of the proletariat can immediately become the dominating force in industry.

Other Misc. Notes

Dec 18, 1983

- ① CHA is NOT A union.
- ② They don't fall under U.S. Labor laws
- ③ Call themselves at a local level
an MBA - Mutual Benefits Association.
- ④ Not gov't funded, nor funded by any
large source. People make donations -
largest on Sacto level is \$1000⁰⁰ so far
as I have seen.
- ⑤ No "non-profit" status.
- ⑥ Have approximately 16,000 members
in Sacto alone.
- ⑦ none of the so-called 10 Benefits are
very well developed.
- ⑧ members have say in decision making
on a local level through WBC - Worker's
Benefit Council.
- ⑨ Ultimate Decisions come from National.
- ⑩ When a member is signed - on paper
for 3 months - they can hold up
the legal system that long & members
technically expire.
- ⑪ File of membership authorizations is
in office.

⑫ Have been to Court several times (approx 100) and never lost.

⑬ Tell members that goal is to "make changes for our members, so that they won't have to struggle every day to make ends meet."

HERE TO WIN - HERE TO STAY

INFORMATION FOR FULL-TIME ORGANIZERS

Requirements There are only two qualifications for working with CHA: a commitment to the interests of service workers and respect for the decisions and policies of the organization. Training is provided in any skills the organization requires. If you already have skills and experience in areas such as organizing, languages, mechanics, the law, and medicine, there is probably a place where this can be put to use.

Kinds of Work Organizational functions are arranged into an inter-related structure: Systems. Although pretty much unique in the present day U.S., this plan is similar to those used in many of the union organizing drives. Organizers take on specialized work in one or more Systems after a period of training and orientation. In addition, all full-time workers (we use the term "cadre") share all the basic day-to-day jobs: picket line duty, public speaking, canvasses of neighborhoods, and office work.

Living conditions There are no salaries paid by CHA. This is done not only to cut expenses, but to avoid creating a vested self-interest which might conflict with the interests of service workers. We have seen too many organizers turned into poverty pimps and labor bureaucrats by this process. For full-time organizers, housing can be arranged with local volunteers and supporters. We take care of our people, and arrangements can be made to cover any genuine need.

Working conditions Although our organizers are unpaid, they are considered to be professionals in the highest sense of the word. When walking the picket line or analyzing a complex tactical maneuver, we approach our work with applied experience, dedication, and skill. The hours are long, and cadre are on call twenty-four hours a day, seven days a week. There are other kinds of discipline - for a number of reasons, we can't allow drinking in CHA offices or while on organizational business.

How to get here If you're interested in organizing in Sacramento County, the best way to find out more is to come out for a visit. We'll show you around, give you some work and you can see for yourself the struggle for community betterment. By plane, catch a flight to the Sacramento Airport. If we know when you are arriving, we'll be able to meet you. By car, from elsewhere on the West Coast take a route that will connect you with Interstate 5, take I-5 north or south to Sacramento. From elsewhere in the country, take a route that will get you to Interstate 80, take I-80 to Sacramento. Once in Sacramento, take I-5 or I-80 to Highway 99 (all Highways meet at a large junction near the center of town), follow Hwy 99 (South) to the 12th Avenue exit, take the 12th Avenue exit and turn left, follow 12th Avenue approximately two miles (there will be a slight bend in the road about half way), turn left onto Stockton Boulevard, follow Stockton Boulevard four blocks, our office will be on your left at the corner of 10th Avenue. By bus or train, go direct to the Sacramento Station and give us a call to pick you up.

ON JANUARY 5, 1984, [REDACTED]

[REDACTED] VOLUNTARILY APPEARED IN THE

SAN FRANCISCO OFFICE AND ADVISED AS SUMMARIZED BELOW:

SHE WAS A MEMBER OF THE NORTHWEST SEASONAL WORKERS ASSOCIATION IN MEDFORD, OREGON, [REDACTED]

SHE LEARNED THEY ARE PART OF THE NATIONAL LABOR FEDERATION AND ARE PLANNING A REVOLUTION ON FEBRUARY 19, 1984. AFTER VOLUNTEERING FOR THE MUTUAL BENEFITS ASSOCIATION ASPECT OF THE SEASONAL WORKERS ASSOCIATION FOR APPROXIMATELY [REDACTED]

b6
b7C

[REDACTED] SHE WAS TOLD OF THE REVOLUTION AND ASKED IF SHE WANTED TO BECOME A CADRE MEMBER. SHE ATTENDED TWO NATIONAL LABOR COLLEGE MEETINGS IN SAN FRANCISCO AT TWO DIFFERENT CHURCH LOCATIONS,

b6
b7C

[REDACTED] SHE ESTIMATED SEVEN THOUSAND MEMBERS OF THE NORTHWEST SEASONAL WORKERS ASSOCIATION IN THE ROGUE VALLEY WITH APPROXIMATELY 20 BEING ACTIVE AND SEVEN BEING CADRE MEMBERS.

b6
b7C

CA b6
b7C

THIRD CADRE MEMBER IN MEDFORD [REDACTED]

b6
b7C

[REDACTED] THE OFFICE IS LOCATED AT 240 NORTH OAKDALE AND
IS STAFFED 24 HOURS PER DAY.

THE MEETINGS THAT SHE ATTENDED AT THE NATIONAL LABOR COL-
LEGE IN SAN FRANCISCO WERE ALL ATTENDED BY APPROXIMATELY 150
PEOPLE. A NUMBER OF THE ATTENDEES WERE PHYSICIANS AND ATTORNEYS
AND OTHER PROFESSIONAL-APPEARING PEOPLE. DURING THE MEETING,
GUARDS WERE POSTED AROUND THE BLOCK AND THE FRONT DOOR AND NEXT
TO THE SPEAKERS. THE GUARDS WORE A KHAKI MILITARY OUTFIT WITH
RED STARS ON THE SHOULDERS.

THE MEDFORD CHAPTER ATTENDS THE NATIONAL LABOR COLLEGE ONE

SUNDAY PER MONTH IN SAN FRANCISCO, AND THERE ARE TWO MEETINGS TOTAL PER MONTH.

SHE ADVISED SHE DID NOT KNOW HOW THE REVOLUTION WAS TO TAKE PLACE, HOWEVER, DID AT ONE TIME ASK IF THERE WERE GOING TO BE WEAPONS INVOLVED, AND SHE WAS TOLD THAT THE REVOLUTION WOULD NOT OCCUR THROUGH NEGOTIATIONS, AND THERE WOULD HAVE TO BE BLOODSHED. SHE WAS ADVISED THAT THE NATIONAL LABOR FEDERATION IS ATTEMPTING TO CONVERT ONE UNION A DAY AND HAS BEEN INVOLVED IN WORKING FOR A WILDCAT STRIKE.

SHE HAS BEEN TOLD THAT THEIR TELEPHONES ARE TAPPED, AND THEY OCCASIONALLY GIVE OUT FALSE INFORMATION SUCH AS THEY ARE GOING TO MEET AT A CERTAIN LOCATION TO DISCUSS THEIR REVOLUTION. THEY THEN SURVEIL THE LOCATION TO SEE WHO APPEARS.

SHE ADVISED THAT SHE HAS NEVER SEEN ANY WEAPONS EITHER IN MEDFORD, OAKLAND, CALIFORNIA OR SAN FRANCISCO AND HAS NOT HEARD WEAPONS BEING DISCUSSED. SHE STATED SHE KNOWS THERE IS A MILITARY CHAPTER, AS EVIDENCED BY THE GUARDS, BUT DOES NOT HAVE ANY INFORMATION CONCERNING THEM. SHE FEELS THE ORGANIZATION CONSISTS OF AT LEAST ONE-FOURTH OF THE POPULATION OF THE UNITED STATES,

BUT COULD NOT ESTIMATE THE ACTIVE MEMBERSHIP. SHE STATED THERE ARE APPROXIMATELY 40 CADRE MEMBERS IN OAKLAND AND SEVEN IN MEDFORD. THE NATIONAL LABOR FEDERATION HAS UNDER IT THE NORTHWEST SEASONAL WORKERS ASSOCIATION HEADQUARTERED IN MEDFORD; THE JACKSON COUNTY FUEL COMMITTEE HEADQUARTERED IN ASHLAND, OREGON; THE CALIFORNIA HOMEMAKERS ASSOCIATION WITH BRANCHES IN OAKLAND, SAN FRANCISCO, REDDING, SACRAMENTO, SANTA CRUZ, ORANGE COUNTY AND MARIN COUNTY; THE TEXAS FARM WORKERS; THE SUFFOLK COUNTY FARM WORKERS; AND A NUMBER OF ORGANIZATIONS ALL OVER NEW YORK, NAMES UNKNOWN. THEY ALSO HAVE THE CONCERNED COALITION OF MEDICAL PROFESSIONALS AND CONCERNED COALITION OF ATTORNEYS. *Ms Loe*

SHE ADVISED ONE OF HER DUTIES INVOLVED THE DISSEMINATION OF PAMPHLETS AND LITERATURE AND IS THUS AWARE OF THE REVOLUTION OCCURRING ON FEBRUARY 19, 1984. SHE STATED THAT WHENEVER A REPORT IS SENT TO THE NEW YORK OFFICE, IT CONTAINED THE PHRASE, "SO MANY DAYS AND COUNTING." SHE STATED THAT SHE DEFINITELY BELIEVES THAT A REVOLUTION WILL OCCUR, BUT AGAIN STATED SHE DID NOT KNOW THE NATURE IT WILL TAKE. *Ms Loe*

SHE ADVISED THAT SHE HAS ADDITIONAL INFORMATION AND NAMES AT

SHE REQUESTED THAT IF CONTACTED, THE CALLER SIMPLY GIVE HIS

[REDACTED] WAS A FULL CADRE MEMBER AND KNOWS EVERY-
THING REGARDING THE NATIONAL LABOR FEDERATION AND MIGHT BE
